

School road safety :: STL-WLFB

## 20mph when lights flash sign (STL-WLFB)

Enclosure:	Fully sealed, extruded aluminium, 2.5mm thick
Aperture:	Vandal resistant punched apertures backed with anti-glare polycarbonate
Vinyl finish:	3M DG1 reflective in traffic yellow
Mounting:	5 x Signfix medium channel section
LED pod:	140mm diameter 105 ultra bright intensity amber LEDs
Lifespan:	100,000 hour operational life typical
Viewing distance:	80 meters
Enclosure width:	1000mm
Enclosure height:	1400mm
Enclosure depth:	105mm
Weight:	32kg
Activation:	Microtima Bluetooth Series 5 Timer
Power requirements:	Mains input (solar powered version available)
Power consumption:	16W average
Optical performance:	Conforms to TR2136
British standards:	EN61000-6-3 emissions EN61000-6-1 immunity EN61000-4-3 radiated EN61000-4-6 immunity TR2136 for light output
